The Fine Art of Facility Management

In a world where Facility Management is considered as a standardised job that follows set stipulations, 247 Technical Services LLC believes in enriching your experience of your facilities by ensuring it is primed to the most optimal levels 24 by 7.

We understand this relentless pursuit for excellence can be considered an art form - Something our team is proud to demonstrate time and again.

Our commitment is reflected progressively, in the course of which we aim to align our business values, purpose and strategy with the social and economic needs of our stakeholders, whilst embedding responsible and ethical business policies and practices into everything we do.

By working together with our stakeholders (you, partners, suppliers, contractors, employees and the public) we open doors to new markets, opportunities and relationships, increasing competitiveness and profitability and demonstrating our continued commitment to sustainable growth.

A line of 24/7 services while being committed to the environment:

- Manpower Supplies;
- Cleaning Services;
- Fit-Out Contracting;
- MEP Services;

Manpower Supplies

Our recruitment team has access to a rapidly expanding database of locally and regionally available candidates of all disciplines and skill sets. With our international partners we benefit from having access to a large pool of candidates from the Middle East, GCC and Asia.

Cleaning Services

We offer cleaning services to a wide range of clients across multiple sectors. Directly employed cleaning, supervisory and management staff operate throughout our contract locations in premises such as penthouses, mansions, villas, offices, malls, and other luxury commercial and residential properties.

Our people are provided with the right equipment, materials, machinery and work-wear to enable them to deliver their work well and to the utmost satisfaction of our clients.

Fitout Contracting

Utilising our in-house network of specialist contractors coupled with our extensive local and international supply chain we offer a complete interior solution fulfilling the need for project management, engineering, value engineering, design-build, procurement and fit out all under one contractor to the highest standards of workmanship.

24/7

MEP Services

Our MEP Services gather experts in sustainability together with other disciplines to help guide you in the best ways to handle the design, specification and installation of mechanical, electrical and plumbing systems, while still meeting your project's budget and making it easy for your labour force to complete it to your preferred standards.

Repairs and Maintenance

There's always something that needs looking into. Our expertise in ensuring the smooth running of every aspect of your environment is inspired directly by our core values.

Training

Our Corporate Training systems involve state-of-the-art methods and technology. This ensures you only receive the best possible services from us.

Service Policy

We ensure all physical assets operate at optimum levels, within a defined preview by integrating people, processes and technology. This enhances service levels, maximize investment values and meets changing needs.
